ULTIMATE CLASSIC®

A liquid vitamin, mineral, and amino acid line of supplements containing a highly bio-available complex featuring Plant Derived Minerals™ and other beneficial nutrients. With today's active lifestyle, most of us are lacking essential nutrients. The Majestic Earth® Ultimate™ line of liquids is formulated to feed your body those vital nutrients. The unique properties of Ultimate Classic® make it the ultimate in absorption and completeness. It's completely loaded with up to 77 minerals and other nutrients, such as bio-flavonoids and grape seed extract, so that virtually no other supplementation is needed. Exercise and a healthy diet along with enough calcium help teens and young adult women maintain optimal bone health, and may reduce their high risk of osteoporosis later in life. Adequate folate in healthful diets may reduce a woman's risk of having a child with a brain or spinal cord defect.*

- Highly absorbable liquid
- Packed with nutrients
